Web Developer who loves outside the box thinking and coming up with elegant solutions to complex problems.

## WORK EXPERIENCE

### JavaScript Developer

GM - Austin, TX - June 2014 to Present

#### Responsibilities

Support and maintain existing global websites using JavaScript and Adobe CQ.

Develop build process used to compile SASS files, minify JavaScript, CSS and HTML and perform checkins of code to git.

Become competent in the use of AEM 6.0.

Attend daily Scrum meeting.

Help decide what tools would be used in our development process.

### Web Application Developer

Kinnser Software - November 2011 to June 2014

Coded industry leading home health care software, for medicare/managed care and hospice using Coldfusion 9/10

- Developed dynamic user interfaces using JQuery/AngularJS/Bootstrap
- SVN and Git experience
- Lead developer for my team, one of six teams total
- Familiar with Kanban and Scrum processes

### Web Application Developer

Acme Truck Line, Inc - Austin, TX - November 2006 to November 2011

Coded various web applications using XHTML, ColdFusion 7, 8 & 9, AJAX, SQL, XML, Flex, Grails, ExtJS 2, 3 & 4

- Vastly improved existing intranet site by converting a largely static web site into a dynamic web portal capable of pulling in live information updates from various locations such as Google Maps, Google Calendar, and SQL Servers.
- Developed new web portal for company drivers and truck owners providing live up-to-date information about corporate policies, live alerts when physicals, drivers licenses, or vehicle inspections needed to be renewed as well as allowing drivers to track their financial information, such as fuel expenses, delivery invoices and quarterly earnings.
- Developed company wide enterprise chat wall allowing real time communication between geographically separate offices
- Constantly working multiple simultaneous projects under tight deadlines keeping open communication channels with company management, clients and vendors in order to make sure final product met everyones expectations.
