Intern, Lead Software Engineer - Google

Santa Clara, CA - Email me on Indeed: indeed.com/r/Osama-Ahmad/643eff79a1e7f48e

A position that will utilize my years of web development experience

WORK EXPERIENCE

Intern, Lead Software Engineer

Google - Irvine, CA - April 2012 to Present

Led development for the client side EZ Dashboard API for Google Analytics which allows clients to import their Google Analytics data to their internal domain

- Solely developed front end product with full jQuery backend connection to the EZ Dashboard API
- Established system requirements with PM from Google headquarters
- Created storyboard mockups, wireframes and UI designs for front end product development
- Led daily scrum meetings to ensure tasks were being met within development team

PHP Developer

d2Business Solutions - Irvine, CA - March 2012 to July 2012

Single handedly developed and designed dynamic websites for various clients

- Led meetings with sponsors and clients to ensure tasks were being met
- Developed PHP and MySQL scripts for live websites to update content and information
- Created front end scripts for various IT solutions companies

PROJECTS

ShareNearby

- ShareNearby is the first ever tool that allows you to share files with anyone nearby. No need to collect email addresses or share long URL's. Just upload your file to ShareNearby and let anyone around you view and download the file.
- Developed backend and frontend tool functionality
- Defined vision, goals, UI/UX design and milestones for product development

Software Design Principles, Paradigms and Tools

- Developed a User Interface for an online presidential polling system for cross tablet platforms
- Designed a database schema that solved the focal problem that was given to us by the Professor
- Implemented a design solution that was the only feasible solution among 40 other options
- Received the highest grade and award on the project assignment among 40 other students

AWARDS

2013 Dean's Project Team Award for excellence in product design and implementation

- Presented EZ Dashboard product and received highest award among 20 other projects
